CHILDHOOD

CONVERSATION

Emily: Do you ever miss being a kid?

Jake: All the time! Life used to be so much easier back then. Remember how we used to play tag until it got dark?

Emily: Totally! Or how we used to play hide-and-seek all over the neighborhood. We'd be gone for hours.

Jake: And those sleepovers — like five of us crammed in one room, no one sleeping, just laughing all night.

Emily: *Haha*, yes! And sometimes we'd even ditch class just to hang out at the park.

Jake: Or go to school parties just for the snacks and the loud music. I loved those nights.

Emily: Oh, and the playground — we'd stay on the swings forever.

Jake: And flying kites off the roof? That was epic.

Emily: Or riding our bikes 'til our legs were dead. We didn't care. We wouldn't stop 'til sunset.

Jake: Honestly, we had the best childhood.
