

UNIT 56

SUPPLY CHAIN

CONVERSATION

Alex: So, looks like we're running low on stock again.

Jordana: Yeah, we're going to have to operate short until the next delivery comes in.

Alex: Ugh... this supplier always does this.

Jordana: Yeah... maybe we should think about changing suppliers.

Alex: Right... the supplier dispatched the goods yesterday, so they might only reach the warehouse by Thursday.

Jordana: Uh-huh... that's still a few days away.

Alex: Yep, not much we can do until then.

Jordana: So it looks like we'll need to stretch what we've got until then.

Alex: And we should probably order more goods by Monday to avoid this next time.

Jordana: Good call. I'll keep an eye on the tracking number once they send it so that we know exactly when to expect the delivery.

Alex: Cool. For now, we just keep things moving short until the new stock arrives — hopefully the supplier keeps things smooth this time. If not, we might have to adjust the schedule for a few orders.

Jordana: Yup... fingers crossed everything arrives on time.
