

UNIT 45

IT HURTS

CONVERSATION

Maya: Are you okay? You're walking kind of strangely.

Theo: Kinda. My ankle really hurts.

Maya: What happened?

Theo: I think I twisted it going down the stairs.

Maya: Sit down for a minute. Don't put too much weight on it.

Theo: Good idea. It really hurts when I walk.

Maya: Take your shoe off carefully. Is it swollen?

Theo: A little. I think I should get it checked.

Doctor: Hey, good afternoon. What's wrong?

Patient: My throat really hurts, and my chest feels a little tight.

Doctor: Okay. Open your mouth for me, please.

Patient: Sure.

Doctor: Say "ah." Good. Now breathe in slowly. Breathe out.

Does your chest hurt when you breathe?

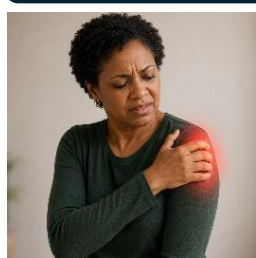

Patient: Yeah, a little.

Doctor: Alright. Rest today, drink plenty of warm liquids, and take this medicine after meals.

Patient: Okay. Thank you, doctor.
